Turkey invites you to its internationally qualified universities for higher education in any field with scholarship opportunities at high standards.

Attaching importance to academic guidance, the student-centred **Turkiye Scholarships** promise the self-confident students a unique experience.

The Turkiye Scholarships do ensure you to improve your qualifications, to gain new perspectives and to suit yourselves with new abilities making you be one step ahead of others in your career.

There are 4 scholarship programs from which you can benefit in postgraduate, PhD and research programs:

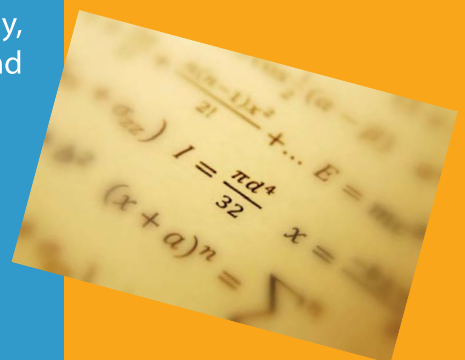

1. History and Civilization Postgraduate Scholarship

If you are eager to set light to the undiscovered areas of the history both your country and Turkey and conduct researches on civilizations in a different perspective, opportunities in postgraduate and PhD are waiting for you with the Scholarship of History and Civilization.

You can receive scholarship education in fields such as Middle East and Balkans and Art and Islamic History from any country in the world.

2. İbni Haldun Postgraduate Scholarship for Social Sciences

With the İbni Haldun Scholarship for Social Sciences, you can follow social and political developments in the world in a more accurate manner and direct the academic studies in this field. You can receive master and PhD education in Sociology, Law, Political Sciences, International Relations, Geography, Anthropology, Philosophy, Public Administration, Psychology and Urban and Environmental Sciences and other social sciences.

3. Postgraduate Scholarship for Economics

With the Graduate Scholarship for Economic Studies, you can continue your education in Turkey in terms of Economics, Business Administration, Tourism Management and Hospitality, Food Economics and Management, Agricultural Economics, Sports Management, Financing, Management and Organisation, Labour Economics and Industrial Relations, Finance, International Business Management, Tourism and Hospitality Management, Civil Aviation Management and other relevant fields.

4. Ali Kuşçu Postgraduate Scholarship for Science and Technology

With the Ali Kuşçu Scholarship for Science and Technology, you can study in the master and PhD programs in the departments of Environmental Engineering, Landscape Architecture, Computer Engineering, Electric and Electronic Engineering, Food Engineering, Civil Engineering, Mechanical Engineering, Geological Engineering, and Zootechnics, Arable Crops, Agricultural Structures and Irrigation, Agricultural Machinery, Soil, Plant Protection and Garden Plants of Faculty of Agriculture.

What Does This Scholarship Cover ?

The Turkiye Scholarships provide the students studying in Turkey with wide opportunities. With the scholarship granted to you, you can matriculate at a university and utilize the health services of that university without making any payment. In addition, a specific amount of scholarship fee is put into your bank account every month. This amount will be enough to continue your education and enjoy the social facilities in Turkey freely. Meanwhile, you are provided with housing opportunities as well. Moreover, this scholarship does cover the Turkish language education provided for you before starting your university program and your round trip flight ticket from your country to Turkey.

Who Can Apply?

- Citizens of any country rather than the Republic of Turkey,
- For master and PhD programs, those who has graduated or is likely to graduate from a graduate education institution equal to that of Turkey in the present academic year,
- For research applications, those who has proven the PhD proficiency or completed the PhD program,
- As of the first day of January in the year on which application is made, those having not passed the age 30 in the case of master candidates, 35 in the case of PhD candidates and 45 in the case of research program candidates,
- Those having not been granted a master and/or PhD scholarship by a public authority in the Republic of Turkey before,
- Those who cannot afford their education costs in a university in Turkey,
- Those fulfilling the other success criteria to be declared.
- Those granted with scholarship for graduate education by the government of the Republic of Turkey cannot apply for postgraduate scholarship before two years elapse. Those who are present in their country during that two years period are given priority in evaluation process.
- It is a must for students to succeed at least 60% of the score in academic grading type they specify in their applications (high school diploma grade/grade of high school exit exam/grade of university entrance exam/international exam grade or any of academic grading criteria or grade point average corresponding to previous terms in the case of uncertainty of diploma grade must be given).
- Intending to continue their education in a higher program after having completed the graduate and/or master education, those students are required to score minimum 45 in "Academic Personnel and Postgraduate Education Entrance Exam" (ALES) carried out by OSYM or the equivalence in an internationally-accepted exam to be determined by the senate of the relevant university.
- Students, who study in a university or school in Turkey, cannot apply for the scholarship.

How Can I Apply?

You can apply via the web addresses www.turkiyeburslari.gov.tr / www.trscholarships.org / www.turkiyeburslari.org or through Turkish Embassies and Counsulates in your country. Candidates intending to apply via the addresses or www.turkiyeburslari.gov.tr / www.trscholarships.org / www.turkiyeburslari.org can easily complete their applications through uploading the required documents to the electronic system. Candidates intending to apply through the Representative Offices of the Republic of Turkey or via mail can complete their application through submitting the required documents to the relevant representative offices until the end of the day of deadline related to application-making period.

What Are Application Documents ?

- Application form (provided on www.turkiyeburslari.gov.tr / www.trscholarships.org / www.turkiyeburslari.org or in the Embassies)
- For candidates applying to postgraduate programs, the document indicating that the candidate is a graduating senior student or copy of graduation diploma thereof, and certified transcript indicating the courses and grades of the candidate during graduate education
- For candidates applying to PhD programs, the document indicating that the candidate is a graduating and/or post-graduating senior student or copy of graduation and/or post-graduation diploma thereof, and certified transcript indicating the courses and grades of the candidate during graduate and/or postgraduate education
- For the candidates applying to research programs, a certified document indicating that the candidate has proven his/her PhD proficiency in the case of PhD students, and certified copy of PhD diploma and certified transcript indicating the courses and grades of the candidate during his/her PhD education in the case of the candidates having completed their PhD education,

- For all candidates, letter of intent
- For all candidates, reference letter (2 pieces)
- For the candidates who have completed the PhD education and apply for the research scholarship, digital copy of doctoral thesis and the list indicating the academic studies of the candidate
- Copy of a valid identity card (Passport, Birth Certificate, etc.)
- 1 passport photograph

Notice: *The Turkiye Scholarships allow you to study not only in state universities, but also in private universities. Students who have been enrolled at a private university are not granted their scholarships and pay university fee on their own in the case that they do not graduate in academic calendar.*
